Dear Bernie:

We have your telephone message informing us that the Board has requested that we prepare whatever amendments are required to the District's sewer ordinance to gain the benefits of the misdemeanor criminal violations provided for under Section 31106 of the Water Code.

Enclosed you will find an original copy of a proposed ordinance to be adopted by the Board of Directors which adds two sections to the existing ordinance and then also re-adopts and reaffirms the existing ordinance.

We do not know, of course, what number this ordinance would be nor do we have the number of the District's present sewer ordinance so these blanks will have to be filled in.

After the adoption of the enclosed ordinance, then the District's present sewer ordinance should have the new sections, that is, 1.12.12 and 6.0 added thereto at the appropriate place, and then the ordinance as so amended should be published once as required by law. You will note that this publication is to take place within ten (10) days from the adoption of the ordinance. We hope that this timing coincides with the publication of the "Town Crier". We assume that the "Town Crier" is a newspaper of general circulation, having qualified as such. This should be, of course, confirmed with Mr. Maxwell.

We are sending a copy of this letter and a copy of the Ordinance to Galen for his review and file.

You will recall that in a previous discussion we indicated that we were certain that the non payment of a monthly sewer charge or other charge could not be made a criminal penalty such that a violator would be subject to possible incarceration as this would constitute imprisonment for debt is prohibited by the Constitution.

If you have any questions regarding the foregoing, please do not hesitate to contact us.

Re: Assembly Bill 1526

Gentlemen:

Enclosed you will find a copy of the legislation authorized by the above Bill. As you can see, this Bill added two provisions to that Section of the County Water District Law dealing with the District's authority to engage in sewer service.

As we interpret the two sections added, they authorize a district to adopt a sewer ordinance which if published then makes violations of the ordinance a criminal misdemeanor. Each of your Districts has heretofore adopted sewer ordinances, but if you desire the effect of the criminal misdemeanor provision, you will have to publish them.

If such effect is desired, it will be necessary to make some changes and additions to your existing ordinances. We will await any further contact from you in this latter regard.

Best personal regards,

REDWINE AND SHERRILL

CHAPTER 930

An act to add Sections 31105 and 31106 to the Water Code, relating to county water districts.

The people of the State of California do enact as follows:

SECTION 1. Section 31105 is added to the Water Code, to read:

31105. A district may adopt ordinances relating to the provision of services and facilities pursuant to this article and the regulation of such services and facilities. Every such ordinance shall be in full force and effect forthwith upon adoption, but shall be published once in full in a newspaper of general circulation, printed, published and circulated in the district within 10 days after adoption, or if there be no such newspaper it shall be posted within said time in three public places within the district.

SEC. 2. Section 31106 is added to the Water Code, to read.

31106. From and after the posting or publication of any ordinance as provided in Section 31105 above, it shall be a misdemeanor for any person to violate any ordinance of the district adopted pursuant to Section 31105.

HISTORY: A. B. 1526, approved and filed September 14, 1970.

Legal Notice

upon the design criteria of the District. The District Engineer will review the tract map and determine whether sewer service is feasible and whether any oversizing will be required to facilitate extension of the District's system.

1.9.05 - MAIN EXTENSIONS OTHER THAN SUBDIVISIONS

Main extensions to serve one or more parcels of land may be made by the owner or owners of said land. The owner or his Engineer shall follow the same procedure for main extensions as outlined for subdivisions in Section 1.9.04. In lieu of this procedure, the owner or owners may request the District to make the necessary investigation, prepare plans and have the work constructed. The owner or owners shall advance all necessary funds for the investigation, plan preparation and construction prior to the District commencing any of the work described above.

1.9.06 - MAIN SERVICE CHARGE

When persons, owning land to which sewer mains are adjacent in streets or rights-of-way (which mains have been installed by the District or by an applicant for service as a main extension), make application for sewer service to a lot, parcel, tract, or subdivision, they shall reimburse the District for their proportionate share of the cost of said main. Their proportionate share of said cost shall be cost per front foot for benefited land, as set forth in the application and so determined by the District.

1.9.07 - PAYMENT OF COST OF OVERSIZED MAINS

In the event the District elects to install sewers of greater size than, in the opinion of the District, shall be adequate to supply any new subdivision with sewer service, the owner or owners of the proposed subdivision shall not be required to pay more than the cost of mains which, in the opinion of the District, are adequate to supply such subdivision with sewer service. The District will pay for pipe oversize, but no other adjustment of the cost of installation shall be made.

1.9.08 - REFUNDS

When sewer main extensions are made and paid for by an applicant and said main extension shall be of benefit to another person or persons in the future, said applicant may enter into a refund agreement with the District. Said refund agreement shall provide for a refund payment from main service charges collected by the District for service connection to a main, paid for by new applicant. Said refund shall be computed on the basis of actual cost to the person making the original main extension per front foot benefited for which the main service charge is collected. All refund agreements shall become null and void ten years from the date first written.

1.9.09 - PLANS AND SPECIFICATIONS

The developer, his engineer or other person proposing the construction of public sewers within the District will prepare plans and specifications for construction of said sewers in accordance with the District's "Design Criteria and Technical Specifications." Plans and specifications along with tract map indicating sewer easements, and water system plans are sub-

District Engineer will review the sewer plans for compliance with its requirements and will approve such plans after the following conditions have been met.

1. The District Engineer has certified the plans as complying with District Rules and Regulations and as being in conformance with master sewerage plans for the area.
2. Paid the required plan checking fee, the schedule for which shall be adopted by District Rules and Regulations subject to change by the Board.

1.9.11 - CONSTRUCTION - Developer or other person will construct facilities in accordance with the approved plans and specifications and construction methods as set forth by the District Rules and Regulations. A five-day advanced notice to start construction is required along with approval for construction plans and specifications. Construction of public sewers or sewer laterals as defined by this Ordinance shall be performed by a person or contractor duly licensed by the State of California.

1.9.12 - INSPECTIONS - All public sewer construction work shall be inspected by the District, District Representative or Inspector acting for the District to insure compliance with all requirements of the District. No construction shall be covered at any point until it has been inspected and passed for acceptance.

No work shall commence until the required inspection fee has been paid. The schedule of inspection fees shall be adopted by Rules and Regulations subject to change by the Board.

1.9.13 - SERVICE REFUSED - The District may refuse service for noncompliance with its Ordinance, Rules and Regulations or nonpayment of fees.

1.9.14 - ACCEPTANCE OF FACILITIES - Before the District will accept sewers and/or appurtenances in its maintained system, the developer or his engineer, or person shall furnish:

1. Recorded Notice of Completion in evidence that the sewer work has been completed and paid for in accordance with approved plans and specifications.
2. One set of reproducible as-built plans, plus one set of prints, showing exact locations, depths and descriptions of all facilities.
3. Original recorded easement documents for sewers not in public property, or not within a tract boundary.
4. Original recorded Quitclaim Deed transferring title of sewer facilities to the District.
5. Letter from District Engineer certifying that facilities were installed according to plans and specifications.
6. Supply operating and maintenance

from defective materials, workmanship or equipment) in the work accepted, the amount of such bond shall be 10 percent of the cost of the work accepted or the sum of \$2,500 whichever is the greater.

1.9.15 - EASEMENTS - Where it is necessary to cross private property to achieve construction, or to provide access for future sewers serving adjacent or upstream tributary land, the following procedure shall be used in the preparation, review and processing of the easements and easement documents.

1. Developer, or owner, shall prepare easement documents with description for all sewer mains which do not lie within public roads, are outside of recorded tracts, and/or are on private property. The easements shall be delineated on the plans and the recording data shall be shown on the as-built plans. All District sewer easements shall be of not less than ten feet in width.
2. The District Engineer shall review easement documents with descriptions as part of plan review. The developer shall have them executed, notarized, and submit completed documents to the District for recording.

1.10 - USE OF PUBLIC SEWER SYSTEM

1.10.01 - USE OF SYSTEMS - The Board may adopt rules and regulations on permissible discharges to the sewer system; providing for the control of prohibited wastes; grease, oil and sand interceptors; maintenance of flow equalizing systems; swimming pool discharges; and tests. The determination of a permissible discharge may require an acceptable analysis or tests from the discharges as evidence that the discharged wastes will not adversely affect the sewer system and/or treatment facilities.

1.11 - PERMITS AND FEES

1.11.01 - PERMIT REQUIRED - No unauthorized person shall uncover, make any connection with or opening into, use, alter, or disturb any public sewer or perform any work on any public sewer and lateral sewer without first obtaining a written permit from District.

1.11.02 - PERMIT PROCEDURE - The Board shall, by rules and regulations, adopt procedures for application and approval of permits regulating the use and construction of the sewer facilities. Permits shall specifically state the obligations and liability for costs of the permittee.

1.11.03 - STREET EXCAVATION PERMIT - A separate permit must be secured from the County, or any other agency having jurisdiction thereover by the owners or contractors intending to excavate in a public street for the purpose of installing sewers or making lateral connections.

1.11.04 - CONNECTION PERMITS - The connection permit will not be

The Board shall adopt, by Resolution, fees for the issuance of permits and for special services, including but not limited to, inspection, construction, plan check preparing special studies, and further require fees for annexation connections and use of sewer facilities.

1.12 - VIOLATIONS, ENFORCEMENTS, AND POLICING

1.12.01 - VIOLATION UNLAWFUL - Following the effective date of this Ordinance, it shall be unlawful for any person to connect to, construct or install or provide, maintain or use any other means sewage disposal from any building in the area served with sewers said District except by connect to a public sewer in the manner in this Ordinance provided, except as herein otherwise provided Section 1.6.03.

1.12.02 - PROTECTION FROM DAMAGE - No unauthorized person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface or tamper with structure, appurtenance or equipment which is a part of District Sewerage systems and facilities. Any person violating this provision shall be subject to the penalty provided by law.

1.12.03 - INVESTIGATION PROCEDURES - The officers, inspectors, managers, and any duly authorized employees of District shall cause evidence establishing his position as an authorized representative of District and upon exhibiting proper credentials and identification, shall be permitted to enter and upon any and all buildings, industrial facilities and property for the purpose of inspection, inspection, observation, measurement, sampling, testing or otherwise performing such duties as may be necessary in the enforcement of the provisions of the Ordinance Rules and Regulations of the District.

1.12.04 - VIOLATION - Any person found to be violating any provision of this or any other Ordinance, Rule or Regulation of the District shall be served by the District or authorized representative with written notice stating the nature of the violation and providing a reasonable time limit for the satisfactory correction thereof. Said time limit shall be not less than two, nor more than seven, working days. The offender shall, within the period time stated in such notice, permanently cease all violations. Persons shall be held strictly responsible for any and all acts agents or employees done under provisions of this or any other Ordinance, Rule, or Regulation of the District. Upon being notified by the District or authorized representative of any violation of the ordinance, the person or person having charge of said work shall immediately correct the same.

1.12.05 - PUBLIC NUISANCE - Continued habitation of any building or continued operation of any industrial facility in violation of the provisions of this or any other Ordinance, Rule or Regulation of the District is hereby declared to be public nuisance. District may cause
