## Idyllwild Water District

The District operates under the authority of Section 30000, Division 12 of the California Water Code and engages in water and wastewater activities which are classified as "proprietary". These activities are accounted for much like that of a private business and use the full accrual method of accounting for financial transactions. The major activities include: production and treatment of groundwater; sale and delivery of water to domestic and commercial accounts; and collection, treatment and disposal of wastewater.

Idyllwild Water District (IWD) provides water services to 1645 customers and sewer services to 587 customers within a population of 3000 for Idyllwild in the County of Riverside. In performing these services IWD operates and maintains a complex system of water distribution with seven water pressure zones. This includes five water treatment systems and eleven water storage tanks. We have a wastewater treatment facility that is permitted to handle 250,000 gallons a day for our sewer customers. IWD employs 11 people to operate both our water and sewer operations.

The Idyllwild County Water District was approved by the voters in 1956 as a legal entity to provide water services. The 130,000 feet of water lines and 63,000 feet of sewer lines are located within 9 square miles, covering an area of 1,592 acres. Water and sewer services are provided to a combination of residential, commercial and industrial customers. Treated well water from our 28 wells is distributed to individual customers living in the community of Idyllwild. For the first 5 years IWD's main responsibility was to provide water services and later in 1966 constructed its wastewater plant and the sewer collection system. Later the County was dropped from its name to become the Idyllwild Water District.

IWD constructed a 42kW solar system at Foster Lake to operate six wells and a water treatment plant. The district has many other water facilities at the Foster Lake area. The 18,000,000 gallon Foster Lake is used to collect and store 40 acre feet (AF) of water annually from Lilly Creek. We pump creek water from our Strawberry Creek Diversion to Foster Lake for additional water storage. The lake percolates the stored water into the surrounding ground water and in turn provides groundwater for the District's wells in the area. IWD operates the diversion using its pre-1914 water right from Strawberry Creek. IWD uses a permit from the State Water Division of Water Rights for its 40 AF of Lilly Creek water. Foster Lake is man-made and has an earth dam to contain the 18,000,000 gallons of water. The dam was built in 1945 and has not had any problems related to earthquakes, fires or floods.

**Water Department**

- \*Idyllwild Water District revised the rate structure for the fiscal year 2020/2021 (Third year)
- \*Staff has prepared a comprehensive biennial budget report, providing the Board of directors a complete view of the District's financial condition. The budget process provides an opportunity to evaluate resources relative to the District's mission, values and beliefs, and strategic goals and objectives.
- \*The Water Operating **Base Rate** Revenue for Residential and Commercial will equal \$746,600.00 for the Fiscal Year 2020/2021.
- \*The Water **Sales** Revenue for Residential and Commercial are expected to be \$655,000 for Fiscal Year 2020/2021. Water usage is anticipated to be reduced due to closed businesses impacted by the COVID-19 virus, resulting in a reduction of 25-30 % water sales income.
- \*Property Tax Revenues from the County of Riverside are also expected to decrease slightly by 5% to \$305,000.00.
- \*Capital Improvement Budget items for Fiscal Year 2020/2021 will cost \$488,000 in total which will be financed completely by the Idyllwild water District.
- \*Operating Expenses are expected to increase between 2.5% and 3.5% within the Fiscal Year 2020/2021
- \*No principle debt or interest exists within the Water Department.
- \*Utilities for Idyllwild Water District, including electric, telephone, fuel and propane expenses are expected to increase by 2% total.
- \*Cost of Living wage is expected to increase for all employees at 2.5% for Fiscal Year 2020/2021.
- \***Health insurance costs** are expected to increase by 5% according to ACWA/JPIA.
